

# Welding Certificate

**TÜV SÜD-01035.2022.004**

in accordance with EN 1090-1, table B.1, its hereby declared:  
 The manufacturer has produced evidence that he fulfills the requirements of the European standard EN 1090-2 for execution of structural steel components

|                                                                                                               |                                                                                                                               |                     |

**Certification Body**

*Mijatovic*

M.Sc. Mijatovic  
 certification body

**Certificate number: TÜV SÜD-01035.2022.004**

**Remarks:**

All other relevant data are detailed in our report R-(2693223)-26.

**General provisions**

1. The regulations as addressed in the below listed documents in their respective relevant version shall apply:
  - a) General Terms and Conditions of TÜV SÜD Industrie Service GmbH (GTC)
  - b) Testing, Certification, Validation and Verification Regulations (TCVVR) within the TÜV SÜD Group
  - c) Certification Contract between TÜV SÜD Industrie Service GmbH and the customer (manufacturer) as named in the certificate
  - d) DVS Guideline 1711 of the German Society of Welding (the guideline shall generally apply except Annex B)
  - e) General provisions on the validity of certificates for factory production control (FPC) according to EN 1090-1 and the associated welding certificates (application for certification)
2. This certificate may be reproduced or published for advertising or other purposes only in its entirety. The wording of any marketing publications must not be contradictory to the contents of this certificate.
3. The certifying body reserves the right to perform inspections at the company's premises at any time, without having to give notice and subject to additional charge, in the event of questions arising with regard to the manufacturer's qualification.
4. This certificate may be withdrawn, amended or modified at any time, with immediate effect and without compensation, if the conditions under which it has been issued have changed or if the requirements of this certificate have not been complied with.
5. The certifying body must be notified of following changes:
  - a) new production plant or changes to key production facilities;
  - b) changes in the position of responsible welding coordinator;
  - c) introduction of new welding procedures, new basic materials and corresponding WPQRs (welding procedure qualification records)
  - d) new key production facilities.

In the cases referred to above the certifying body will arrange for an inspection to be performed by the inspection agency.
